

CONFIDENTIAL

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 22 August 1967

25X1 1. [] Talked to Mr. Burrus, of the Bureau of the Budget, concerning H.R. 602, H.R. 607, and H.R. 612 which are concerned with the polygraph and electronic eavesdropping devices. Burrus informed me that the Department of Justice has checked with the Committees and found that there is no activity concerning these bills, and consequently the Bureau of the Budget is sitting on the reports. At this time only 50 percent of the reports are in. I informed Burrus that we agree with the Department of Justice and have no desire to see these bills go forward, but that we would like to be alerted in the event any activity becomes apparent.
